Type: Closure

"Closure Date: 06-03-2019

Orick's Palm Cafe was shuttered by the county's environment health division yesterday, after inspectors noted numerous code violations, including an infestation of vermin and the use of an "unapproved insecticide."

A total of 23 violations were noted after an inspection of the restaurant yesterday, including five "major violations" that prompted the closure. The restaurant's permit to operate has been suspended, according to the inspection report, and will remain closed for at least two weeks. It must correct all violations before petitioning to reopen.
